“The quarter under review has been reasonable and satisfactory. Crushing of season 2016-17 extended during this quarter and 4.5 lakh quintals of sugar was produced. Extension of season also resulted in sale of 28 million units of power to the State grid. Sugar sales during the quarter were brisk and contributed to a healthy top-line as well as bottom-line. ICRA has further upgraded our long-term rating for Rs 600 crore lines to 'ICRA A plus' from 'ICRA A minus' with stable outlook. With adequate monsoons and farmers preference to enthusiastically grow early variety of sugarcane, we expect a good 2017-18 sugar season going forward.”
